about us

Gastronomy - including catering - is a very sensitive market, not the least because the contractor represents the host of the event which implies a grand trust which is not easy to earn. The notable experience itself is a guarantee of a kind. Without the ever growing trust planted in us we could not be where we are today - among the leading Hungarian party service companies.

### Innovative in traditional.

Challenge is flavor to our work. Executing exceptional catering and reinventing traditions inspire us all the time. We are proud to be one of the most experienced party service providers in terms of innovation and creativity for thematic events. You want nostalgic retro? Modern fusion gastronomy? Or the nice salmon finger food party? Catering for gala dinners, buffet dinners or world specialties prepared by star chefs? Dream big and we will make it come true.

company

The Albatros Party Service Ltd. was established in 2005. Our main goal was to create a company so far missing from the domestic catering market.

The idea of putting the experience in the focus was successful. We have “hosted” successfully several events with the same attitude at different locations for the last 8 years when like-minded event managers partnered with us.

We also have been managing several restaurants and cafes that prove our business philosophy right. Our outstanding value for money, the loyalty to standards and the expertise of our staff have earned us true success.

## our restaurants

Since December 2012 we provide full catering services at the picturesquely renovated Podmaniczky Event Mansion in Rákoskeresztúr

Since 2010 we have been operating the restaurant in Pavilion G, in HUNGEXPO Fair Center, and we are the optional catering partner of any exhibition and event, held in HUNGEXPO.

Since May 2008 we have been operating the restaurant and buffet at the headquarters of AEGON Hungary Insurance Corp. and daily serve about 400 people.

Since February 2011 we have been operating the café and restaurant in Sportmax II.

Since May 2011 Albatros Party Service has been operating the Pole Position Bistro & Terrace at Hungaroring. We are welcoming guests all year around, regardless to the race event calendar.

Since November 2012 we provide full menus in our popular self-service Átrium restaurant at the Keresztúri Piac (Keresztúr Market)

*for agencies*

CASUAL FINE PARTY DINING

Among the first ones on the market we realized that working and thinking together with the communication and event agencies are crucial for a successful event. We established our client service center so that we can act as the most flexible partner for the agency when creating a concept. We consider all our events tight cooperation. and bring all creative concepts alive. We are ready and eager to brainstorm together and then implement concepts with utmost perfectionism.

We create a solid background for Your event with our classical and design equipment, HACCP- compatible kitchen and the dedicated work of our experienced colleagues.

*gastronomy, indoor show kitchen*

„We have gathered a great deal of experience with my colleagues in the past 15 years regarding catering and events. Catering is really the passion for this team. We can be among the best because we want to be the best every time. This is the reason why our clients never have to worry about guests forgetting the event and the memorable bites. With my team we develop new menus, new solutions and alternatives enthusiastically. We don't compromise the flavor or the ingredients to achieve the best taste. In our chef, András Czernon I have found the colleague, to whom I could pass on my experience, who is open to new things and who gives us energy for renewal with his young enthusiasm. The gastronomic concept of each event is created by us now. We want to be confidential partners for our clients and we are proud to have been such for the past 8 years.”
